LD 975

I am writing a written testimony in regards to LD 975, to tell all of you to let the bill pass. Abortion is wrong on all counts. The Bible says Murder is Murder, and that is what abortion is! I am an adopted child, whose mother did not abort me, but did not want me. Any mother has the choice to give their child up, and that is so much better than aborting the child. Murdering the child! This is an important bill that will repeal abortion in our state of Maine! Please consider this bill carefully and let it pass!
Thank you!
