

Sadie Allgood
Portland
LD 698

I am a citizen and resident of Portland, Maine. I try to remember every day that the fact I have a house to live in is pure luck. I have watched friends and family work hard and still lose their housing. Mainers need to support our unhoused brothers and sisters in every way we can and passing bill LD698 is essential to bridge the funding gap for emergency shelters, which we know serve some of the most marginalized Mainers at their most vulnerable moments. Thank you for supporting Mainers by supporting this bill.
