Testimony of Tiffany Morrow

In Support of LD 875, An Act to Fund Essential Services for Victims of Domestic Violence Before the Joint Standing Committee on Health and Human Services
March 19, 2025

Senator Ingwersen, Representative Meyer, and distinguished members of the Joint Standing Committee on Health and Human Services, my name is Tiffany Morrow, I am from Aroostook County, and I am writing to share why support for this critical funding is so important.

Through my work as a teacher and summer camp leader, I have had the privilege of collaborating with the Hope and Justice Project. I have seen the impact of this program firsthand—how it provides safety, advocacy, and education to students around Aroostook County. Hope and Justice is not just a resource; it is a pillar of support for students and a beacon of prevention for future generations.

Through their outreach in schools, summer programs, and community initiatives, Hope and Justice empowers individuals with knowledge and tools to recognize and prevent abuse. This early intervention is key to fostering a future where all people can live free from violence. The work being done is life-changing, however, these programs cannot continue to meet the growing needs of our community without the necessary funding.

I urge you to support LD 875 to ensure that Hope and Justice can continue to provide these life-saving services. Thank you for your time and your commitment.

Sincerely,
Tiffany Morrow
