

Emily Baldwin
North Yarmouth Academy Grant Township
LD 929

My name is Emily Baldwin and I'm the owner and caregiver of Your Maine Plug LLC in Aroostook county. I'm very much in support of LD 929 and ask that the committee vote ought to pass on this act. I live around many veterans and seniors where access to medical care and internet is few and far between. Not only do I believe in their right to self certify, but this would make my business more accessible to local patients who may need it most.
Thank you for your time!
