

March 19, 2025

Senator Ingwersen, Representative Meyer, and Members of Health and Human Services Committee:

Thank you for the opportunity to provide testimony in strong support of **LD 875, An Act to Fund Essential Services for Victims of Domestic Violence**, which will provide much-needed funding for domestic violence advocates across our state.

My name is Elizabeth Ward Saxl, and I am offering testimony today on behalf of the Maine Coalition Against Sexual Assault (MECASA), the organization which represents and serves Maine's sexual violence prevention and response programs as well as Maine's Children's Advocacy Centers. MECASA initiates and advocates for victim-centered public policy; provides expert training, technical assistance, and resources for providers and partners; and funds the service providers in your communities.

Every day, we witness the critical importance of advocacy services for those impacted by interpersonal violence. Despite their essential role, anti-violence advocacy has been chronically underfunded for far too long. This bill is a necessary step toward recognizing and supporting the lifesaving work they do.

Domestic violence advocates serve as a vital lifeline for survivors—navigating complex systems, offering emotional support, safety planning, and connecting survivors to crucial resources. Their presence in communities helps survivors find safety, stability, and hope. Our sexual violence advocacy providers work closely with domestic violence advocates as part of a multidisciplinary response to interpersonal violence. Together, we ensure survivors are met with trauma-informed, coordinated care.

While only 4% of the survivors served by sexual assault support centers report experiencing domestic violence, sexual assault advocates rely on domestic violence services for those

hundreds that number includes. It is essential that survivors have access to advocates who are specifically trained in the forms of violence they've experienced. Additionally, domestic violence advocates work in close collaboration with sexual violence advocates to support human trafficking survivors. Domestic violence resource centers and sexual assault support centers make up the sole statewide response system in Maine. These collaborative systems ensure that no matter what pathway a survivor takes, they are met with compassionate, specialized care.

Passing LD 875 will strengthen our collective response to violence and ensure that domestic violence advocates have the resources they need to continue supporting survivors in their communities.

Thank you for your time and your commitment to supporting survivors of violence. We urge your support of this critical legislation.

About Maine's Sexual Assault Service Providers

One in five Mainers will experience sexual assault at some point in their lifetime.¹ Each year, 19,000 Mainers will experience sexual violence.²

Maine's [sexual violence service providers](#) provide free and confidential services across the state to victims/survivors of sexual harassment and sexual assault and those close to them, as well as to individuals who wish to increase their understanding of the issues. Just some of the services include a 24-hour statewide sexual assault helpline, crisis intervention and information, support groups, in-person accompaniment and advocacy through the medical and legal systems, and school- and community-based prevention education. Services are provided for a victim/survivor regardless of when they experienced sexual violence, and regardless of what type of sexual violence they experienced. Types of sexual violence include, but are not limited to, sexual harassment and gender-based bullying, child sexual abuse, elder sexual abuse, stalking, sex trafficking, and sexual violence within an intimate partner relationship.
