LD 749

I URGE you to PASS LD 749, An Act to ensure that the will of the voters is reflected in interim appointments of the United States Senators. This seems like a no-brainer to me. I'm surprised it has never been a rule or law. A lot of damage can incur when interim appointments are not in alignment with the will of the people. It can work on either side of the aisle. If the people have voted on a change, it should be honored. The voters have a right to expect that is how it will be handled. Leaving it up to someone or some side that might have an agenda doesn't work in my estimation. For either side of the aisle. Thank you for your vote FOR LD749.
