I firmly reject LD 253, LD 682, LD 886, LD 887, LD 975, and LD 1007 concerning abortions in Maine.

These bills, if made law, would impose a number of controls on healthcare here in Maine. These laws strip away reproductive rights from pregnant people, place pregnant people at increased risk of injury and death from internal (miscarriage) and external (domestic violence) threats, and remove access to live-saving medical services.

I stand against LD 253, LD 682, LD 886, LD 887, LD 95, and LD 1007.
