I VERY STRONGLY URGE you to vote OUGHT TO PASS on LD253, An Act to prevent the MaineCare Program from covering abortion services. First and foremost, I do NOT believe in abortion unless the mother's life depends on it, or the infant would not have a viable birth. These are extenuating circumstances and more understandable. What is tragic is that many of these abortions are out of convenience or used as birth control. As I say, I do not have as much of a problem when the mother's life is at stake. Our tax money that helps fund the MaineCare should not be used for abortions, but another fund should be formed that people, who are inclined to that process, can contribute their money to. Meanwhile, I don't, and many others don't, wish to have my money used for the death of a wonderful child. I ask you to vote for the right of that child to live! As an adopted child perhaps, but full of life! I VERY STRONGLY URGE you to think of the unborn child and vote against anything that encourages their unnecessary death. VOTE OUGHT TO PASS on LD253. I thank you and the unborn children thank you for their life!
