

Testimony in support of LD 677, An Act to Update the Statutory Definition of “Machine Gun” and Prohibit Possession of a Rapid-fire Device to the Committee on Judiciary

March 26, 2025

Senator Carney, Representative Kuhn, and distinguished members of the Committee:

My name is Gail Darling and I am a resident of Cape Elizabeth with children and grandchildren living in Maine.

I am in support of LD 677, An Act to Update the Statutory Definition of “Machine Gun” and Prohibit Possession of a Rapid-fire Device.

It should not be possible to kill 8 people and injure 3 others in 45 seconds, as tragically happened in the Lewiston bowling alley. Think about that: in less than a minute, multiple people died.

We need to focus on banning rapid-fire devices regardless of the type of device used or how often you pull the trigger.

I also urge you to vote **ought not to pass** on LD 424, LD 953, LD 829, LD 998 and LD 1049. They will make all of us in Maine less safe.

Thank you for your time and consideration.
