LD 953

Judiciary Committee Members,

This is yet another attempt by anti-gun Maine legislators to push laws in Maine that have already been overturned on the basis of unconstitutionality in other states. Stop wasting taxpayer money by pushing unconstitutional trash bills that, if passed, will be overturned here as they have been elsewhere.

LD 953 is an infringement upon not only the United States Constitution, but also the Maine Constitution.

Send this bill to the dumpster, where it belongs. LD 953 ought not pass!
