LD 1109

Vote NO on LD 1109. This is a blatantly illegal and invalid bill under the state and federal constitutions. The government has no authority to limit magazine sizes. Over 10 rounds is not "large capacity." Standard capacity of pistol magazines in our country is 15-19 rounds. For rifles, 30 rounds is standard. It is a waste of time and taxpayer money to enact a law that can't be defended in court.
