LD 424

Vote NO on LD 424. This is a blatantly illegal and invalid bill under the state and federal constitutions. The government has no authority to deny the ability to carry arms. 18 year old adults are trusted with voting, signing contracts and serving in the military. Either change the legal age of an adult to 21, or withdraw this bill. It is a waste of time and taxpayer money to enact a law that can't be defended in court.
