

Brian Drinkard
York
LD 677

Vote NO on LD 677. This is a blatantly illegal and invalid bill under the state and federal constitutions. The bill seeks to outlaw commonly owned items possessed by Mainers for defense of family, home and country. The government has no authority to limit the carrying of arms.

There is no great public emergency in the safest state in the country. This bill was vetoed by the governor last year. It was a bad bill then and it's a bad bill now. It is a waste of time and taxpayer money to enact a law that can't be defended in court.
