

Leigh Seeleman
Monroe
LD 1073

Greetings Senator Tepler, Representative Doudera, and ENR Committee Members,

My name is Leigh Seeleman, I live in Monroe, ME and I am testifying in support of LD 1073 “An Act to Amend Provisions of the Maine Metallic Mining Mineral Act to Advance Health Equity and Improve the Well Being of Vulnerable Populations”.

It is important that we care for the well being of communities affected by mining, and prioritize environmental health and accident prevention in mining operations.

Sincerely,
