

Meredith Bruskin  
Swanville  
LD 1073

Hello Senator Tepler, Representative Doudera and ENR Committee members, My name is Meredith Bruskin , a FNP from Swanville, and I am writing about the urgency of doing everything we can here in the State of Maine to potect our beautiful way of life, and our planet--

I am writing asking you to support LD 1073 " An Act to Amend Provisions of the Maine Metallic Mineral Act to Advance Health Equity and Improve the Well Being of Vulnerable Populations. As you know, there are currently NO specific health protections in the current Mining Law--and we do understand that Maine is now the only entity who is thinking about how to protect Maine's citizens, and that is in your power. Help us control toxic waste that is often carcinogenic. Please consider all our children and grandchildren's futures---this is truly an essential bill to protect all of our health and well-being. PLEASE VOTE OUGHT TO PASS ON LD1073. Thank you very much. Meredith Bruskin, FNP
