LD 915: An Act to Modernize Deed Duplication from Microfilm to a Digital Image

Senator Baldacci, Representative Salisbury, and members of the Joint Standing Committee on State and Local Government,

My name is Nancy Hammond, Register of Deeds for York County, and I am submitting testimony on behalf of the Maine Registers of Deeds Association (MRODA) neither for nor against the Act to Modernize Deed Duplication from Microfilm to a Digital Image.

The MRODA finds that LD 915 does not address the file format or DPI, that the records need to be stored in, with the exception of plans or address any backup requirements. We are concerned that there are no defined standards or procedures surrounding the efforts that would provide clear guidance for the Registries to adhere to for consistent storage of the vital records in our care.

For these reasons, MRODA is neither for nor against LD 915.

Nancy Hammond
Maine Registrar of Deeds Association
