I support this bill. This bill supports the rights of law-abiding individuals who hold a valid permit to carry a concealed handgun, ensuring they are not unjustly restricted in carrying their firearms on public property managed by the bureau. By amending existing regulations, the bill reinforces the ability of responsible gun owners to exercise their Second Amendment rights while carrying a concealed firearm in areas under the bureau's jurisdiction, as long as they are not prohibited from possessing firearms. This enhances public safety by allowing permit holders to protect themselves while maintaining accountability through the requirement to carry their permit. Additionally, it prevents unnecessary limitations on the rights of individuals who have legally met the qualifications to carry a concealed weapon.
