Kittery
LD 795

I am Judith Andrews from Kittery. I have strong generational ties to the western part of the state and my family still maintain several camps there and visit for 9 months of the year. Although my interest lies in this area, my love of the whole state knows no such boundaries. Please do not allow this bill to pass for the following reason. Our gold is our natural resources and the people who live work and recreate here. Once ruined, it is impossible to gain back the environment. This bill will allow disregard for our precious "gold", our way of life, our natural resources and the people who live and work here now and in the future. Please do not let greed and temporary gain fog our common sense.
