Biddeford
LD 424

I am writing in support of LD 424. By law an individual is an adult upon attaining the age of 18 years. If caught breaking the law at this age, you are charged as an adult. This restriction on the rights of adults aged 18-21 is arbitrary and unconstitutional. "A Law repugnant to the Constitution is void."

I urge you to vote in favor of ending this age-based discrimination.
