

Joy Aikey  
Biddeford  
LD 1109

I am writing in extreme opposition to LD 1109.

There is no evidence or logic behind the idea that banning any magazine that holds over some arbitrarily chosen by a lawmaker number of bullets reduces injuries or casualties during a mass shooting event.

The only thing shown to reduce casualties during such a tragedy is a quick response by armed individuals. The faster the response, the fewer people injured or killed. That is reality.

Anyone claiming this would have saved lives in Lewiston is standing on the dead to push an agenda and should be ashamed.

I urge you to vote against this lie of a bill.
