

Maggie Bennett  
Biddeford  
LD 1109

Sen Carney, Rep Kuhn, Members of the committee, I am Maggie Bennett and I live in Biddeford and run a small tax business. I am in favor of all legislation that promotes common sense gun laws and LD1109 & LD 1126 is exactly that. If enacted, it would keep our communities safer, reduce the risk of mass shootings and allow families to breath a bit easier. Our kids are scared, parents are scared and people want to see Maine step up with gun laws that prevent and reduce unnecessary violence and death. Maine has an opportunity to improve their gun laws for the well-being of everyone, firearm owners included. Please pass this bill so we can all send our kids to school with a bit less anxiety.
