

Maggie Bennett
Biddeford
LD 829

Sen Carney, Rep Kuhn, Members of the committee, I am Maggie Bennett and I live in Biddeford and run a small tax business. I am opposed to LD829 because of a personal experience I had this summer. While camping in a state park with my family this summer, we stopped at lodge for breakfast and before 8am someone had accidently dislodged their firearm inside within 8ft of myself and my children. The person fled the scene, the police arrived and miracously no one was hurt. State parks are not for firearms or concealed weapons of any kind.
