As a tax payer in the State of Maine, I would like to state my position that I abhor any of my tax dollars going to fund the killing of innocent babies in the womb. The issue of abortion is a personal decision and not one that should be funded by a State institution and Maine Tax Dollars. I applaud those in the legislature who are trying to put an end to the diabolical laws Maine has passed that have put women in danger by supporting abortion on demand, especially late term abortions. As only one voice in this testimony, I know I speak for countless others who feel the same way.
