LD 975

I'd first like to ask you to forgive me for not praying for you enough. God forbid that I should sin against the Lord in ceasing to pray for your courage, for our legislators to not compromise with evil. I pray you would abhor this unjustified taking of a human life. Legalized abortion is such a perversion of justice which is first and foremost a crime against God.

Scripture tells us in Romans 13 that those in authority are to be a "terror to evil"

It's unconscionable that the killing of tiny image bearers of God is even up for debate.

All prosecuted for inducing the labor for a miscarriage.

We ALL know miscarriages are not the barbaric practice of abortion and this claim is the oldest tactic for the huge abominable abortion industry. It's just a scheme for prenatal homicide

For a law to be just, it has to begin with God.

As legislators you carry the God-given responsibility to stop the hands that shed innocent blood.

Associate Justice of the Supreme Court, Harry Blackmun 1973

Quote: "If prenatal person is established, the case for abortion collapses and the fetus right to life would be guaranteed specifically by the 14th amendment."

Here we are 52 yrs later with the technology

Of fetal heart monitoring and imaging which unmistakably shows the personhood of these little ones.

Unfortunately, hands in Maine are stained with innocent blood. I pray repentance comes before you have your day in the Most Supreme Court

Pass LD 975

It defines life as beginning at the moment of conception and guarantees equal protection under the law for children in the womb. It protects the life of preborn children with the same laws that currently only protect the lives of born persons. This bill would not punish women who have miscarriages as abortion supporters claim.

It does not ban the removal of an ectopic pregnancy but simply requires that doctors do everything medically possible to save the life of the pre-born child.

For women who are coerced into abortion, this bill would protect the coerced woman from any penalty and would prosecute the person who forced her to have an abortion. In any stage of development are worthy of protection.
