Cape Elizabeth
LD 69

I write to oppose LD 69, an act to repeal the law restricting the use of certain plastic, paper, and single-use bags. The law as it stands is a simple and clear method for reducing the plastic waste and paper litter that would otherwise defile our beautiful coastline and litter our roadways. The law, with zero burden as people already easily use reusable bags instead of these plastic, paper, and single use bags, effectively helps protect the beauty of Maine, which is important not just for the health of our people and our environment, but also for our vital tourist industry. Clean, natural, and beautiful waters, coastlines, forests, fields, and towns are the reason that people come to visit Maine from all over the world.

Please vote no on LD 69 for the good of all Mainers.
