LD 1109 An Act to Reduce Gun Violence Casualties in Maine by Prohibiting the Possession of Large-capacity Ammunition Feeding Devices

Honorable Members of the Committee on Judiciary, My name is Fred Brown and I live in Waterford Maine.

I moved from Massachusetts in 2021 to get away from my rights and freedoms being trampled on and stripped. Even in the backwards state of Massachusetts they had exemptions for tubular magazines and grandfathered standard capacity (what you're calling high capacity) magazines unlike your proposed law.

Banning standard capacity magazines will only impact people who care about the law.

Criminals will continue to have access to the hundreds of millions of detachable magazines in circulation.

This results in a serious public safety concern. Criminals will have a major advantage over law-abiding citizens.

How does stripping Maine residents of their ability to defend themselves help curb crime?

This proposal is misguided, does nothing to prevent crime, and is unenforceable. Please vote Ought Not to Pass.
