

Richard Shapiro
Brunswick
LD 998

Dear Committee Members, my name is Richard Shapiro.

I live in Brunswick, and I am testifying in support of "LD 998 An Act Regarding an Employer's Authority to Prohibit an Employee from Storing a Firearm in the Employee's Vehicle"

Please vote "Ought to Pass" this proposal.

This proposition simply eliminates a pointless relic of Maine's pre-Constitutional-Carry days. The law dates from the time when a permit was required everywhere for concealed carry. As of now, it is no more than a pointless impediment for the law abiding citizens of Maine.

Repealing this law does not affect public safety. It simply frees law abiding Mainers to act as their constitutional rights allow without a needless hurdle.
