

Lewis Corriveau  
Sidney  
LD 677

Honored members of the Judiciary Committee,

My name is Lewis Corriveau, and I am a proud lifelong citizen of the great state of Maine. I reside in the town of Sidney where I am a two-term selectboard member. I will keep my testimony short as I remember from the prior testimonies, I have submitted that you are all very busy and your time is valuable.

Today I am writing to you to request LD 667 "An Act to Update the Statutory Definition of "Machine Gun" and Prohibit Possession of a Rapid-Fire Device" receive and "Ought not Pass" designation.

We all know that a new year and a new legislative session does not always bring forward new bills. Such is the case with LD 667.

This one is just a copy from the last legislative session's gun control advocate, bill sponsor, Senator Anne Carney's attempt at outlawing commonly owned firearms and firearm accessories.

Those with a good memory or the knowledge to access records can easily recall that Governor Mills vetoed this one last session. This is reason enough to "Kill" LD 667 with an "Ought Not Pass" designation.

Thank you for your time,  
Sic semper tyrannis  
Lewis Corriveau,
