

Janice Vance
Kennebunk
LD 829

Dear Sen Carney, Rep Kuhn, Members of the committee, I am Janice Vance and I live in Kennebunk. I am opposed to this bill. People go to state parks and other wilderness areas in order to enjoy the outdoors. We try to encourage our young people to develop this love of the outdoors. It's bad enough we endanger ourselves during hunting season when we want to take a walk, because even if we wear orange, unfortunately there are hunters who shoot before making sure there are no humans in the area. I do not want to be in the woods with strangers carrying firearms. Thank you.
