Dear Sen Carney, Rep Kuhn, Members of the committee, I am Janice Vance and I live in Kennebunk. I am opposed to this bill. The owner of a business, in my opinion, has every right to demand that his or her employees adhere to company policy, and if that policy includes "no weapons" it should be followed. Guns are often stolen from people's vehicles. If that happens while an employee's vehicle is parked on company property, and the gun is used in a crime, the employer could be subject to a lawsuit. Thank you.
