

Kathryn Nickerson
Kennebunk
LD 1109

I urge you to vote to pass LD1109. Mass shootings must be prevented in any way possible. Please remember how you felt when you heard about the shootings in Lewiston. As a mother, I shouldn't have to fear sending my child to school. My child is the same age as the children who died at Sandy Hook. I hope to never have to see such another dark day. Hope is not a strategy. Legislation that protects our people without infringing on the rights of sensible gun owners, should be easy to support. Please visit smokinggun.org for data to support your decision.
