LD 424: "An Act Concerning the Concealed Carrying of a Handgun by an Individual Who Is 18 Years of Age but Under 21 Years of Age"

I support this bill as ought to pass, as a natural recognition of the right of our adult population that begins at the age of 18, and not 21. As our experiences since 2015 has shown, being able to carry without a permit has not resulted in negative effects despite the predictions of detractors, and as such there's no rational basis by which to continue to deny this to all peaceable citizens of our state. To continue to exclude some of our adult citizens from the successful permitless carry schema, would be pointless age discrimination.
