LD 953 An Act to Change the Definition of "Machine Gun" in the Maine Criminal Code

Please vote "Ought to Pass" this proposal.

This bill provides a clear and accurate definition of “machine gun” that aligns with established federal law, ensuring that only actual machine guns are classified as such. Unlike the alternative proposal, which imposes vague and arbitrary restrictions with no real impact on public safety, this measure prevents unnecessary overreach that unfairly targets lawful gun owners. It upholds a standard based on fact rather than fear, maintaining consistency with long-standing federal regulations.
