The summary of LD 829 on this website states:

"This bill removes the requirement that a person have a valid permit in order to carry a concealed handgun in state parks"

This is ridiculous. Is the permit system voluntary? Why require a permit if it isn't a legal requirement? Does this extend to all permits? For example, is it ok for a driver without a valid driver's permit to drive in our state parks? My brain is exploding. Why should gun owners have privileges that no one else has?
