LD 436

I support LD 436 “An Act to Prohibit State Agencies from Promoting the COVID-19 Vaccination to Children” and LD 871 “An Act to Exempt All Persons, Including Health Care and Emergency Services Personnel, from COVID-19 Vaccine Requirements.”

LD 436: Let the child’s parents decide what the child is exposed to, not the state, not the education system, not the medical profession, no-one other than the parents.

LD 871: This bill prohibits the State from requiring any person, including health care facility employees and emergency medical services personnel, to receive a COVID vaccine. Many people have health or other related issues preventing them from getting certain or all vaccines. Many lost their jobs or became extremely ill following the mandates the last time. This needs to end.

I support LD 436 and LD 871, and they “ought to pass.”
