Mount Desert
LD 69

Maine has been a leader in tackling plastic pollution. I oppose efforts by some in the legislature to put that progress at risk.

Therefore I am opposed to LD 69. I support keeping the provisions in current law that reasonably regulate the use of plastic, paper and single-use bags in the retail industry. The people of Maine do not want to go backward. Plastic pollution is choking our wildlife, littering our waters, and fueling the climate crisis.
