LD 1154

Dear Members of the Maine Legislature,

I am writing to strongly oppose LD 1154, "An Act to Require That Informed Consent for Abortion Include Information on Perinatal Hospice."

Laws like this assume women are unable to make informed healthcare decisions about what is best for themselves and their families. Women do not undertake abortions lightly. Forcing your beliefs onto women will not prevent abortions -- it only increases mental, financial, and other strain on women already making a difficult choice.

I urge you to oppose LD 1154 and affirm Maine's commitment to its women and families.

Thank you.
