LD 975

Sen. Carney, Rep. Kuhn, Members of the Judiciary Committee, I am mia schwartz, I live in Brunswick, and I am a student. I am writing in extreme opposition of LD:975, to oppose the criminalization of abortion. So many women have experienced unwanted pregnancy and sexual assault. Abortion bans do not decrease the number of abortions, they simply prevent women from accessing safe abortions, endangering their lives. I want myself and my friends to access reproductive care.

Let people make these choices with their doctors, their families, and their own conscience—not politicians

Thank you for your time and consideration. Sincerely,  
Mia schwartz
