

Jennifer Alexander
Wales
LD 795

Senator Tepler, Representative Doudera, and the ENR Committee Members: My name is Jennifer Alexander, resident of Wales ME. I am testifying against LD795 "an act to exempt pegmatite mining from the Maine Metallic Mining Mineral Act and establish a permit by rule process." Metallic mining is known as the most destructive and polluting human activity on the planet, Mainers supported passing of environmental protection laws to ensure the people, animals, and natural lands of Maine. I urge you to reject this legislation and ensure these protections remain in place. Thank you for your consideration.
