Winterport
LD 1007

I oppose LD 1007.

This is part of a spectrum of bills designed to take away as much ground as possible in our state's laws regarding abortion.

You have some laws out right criminalizing abortion, but then you have bills like this that introduce hurdles to a woman exercising rights they now have.

This is a throw it all at the wall and see what sticks approach.

This is an attack on women's lives. It is not necessary. It is not helpful. It is wrong.
