

Diane Vernesoni  
Topsham  
LD 1222

I URGE you to vote OUGHT TO PASS on LD1222, An Act to limit sovereign immunity for schools and school superintendents. This would seem obvious to me. No matter what job you have in life. Whether you are a grocery store clerk or a lawyer, a parent or secretary, a legislator or a farmer. You are responsible for doing your job. We should be teaching our children to be responsible workers and citizens. We should teach them that their actions have consequences. Everyone needs to be responsible o their actions and inactions. We are sending our children to our schools every day and we should expect that they are being taught how to be successful and responsible citizens. Their teachers, school leaders and school Superintendents must be responsible leaders. They need to be above board and transparently accountable. I Implore you to make our schools more accountable for their actions and decisions. Accountable to the town and taxpayers who hired them to do their job. Thank you for voting OUGHT TO PASS on LD1222 and make them accountable for their actions. Thank you!
