Topsham
LD 660

I URGE you to vote OUGHT TO PASS on LD 660, An Act to provide transparency and public access to public school curricula. When my children were in school, I was in the school every day working and helping the teachers. I wanted to know the teachers and what they were teaching my children. It was back when the normal curricula were Reading, Writing, and Arithmetic. Now they are teaching crazy things that will not only hinder the children for the rest of their lives but are kept from the parents. The schools have become secretive about what they are teaching our children. This is UNACCEPTABLE! These are our children, and grandchildren and we need to know what they are being taught. It is our responsibility to our children to ensure that what they are being taught is going to help them become successful and fulfilled. Please, I URGE you, vote OUGHT TO PASS on LD660, and make our schools educate our children for success! Thank you!
