

## **Testimony Opposed to LD962**

Senator Beebe-Center, Representative Hasenfus, and distinguished members of the committee:

My name is Dianne Martin and I reside in Randolph. I am addressing this bill as a past pet owner of 16 years.

Many of us have and has had a loving pet as part of our family. As I protected my children I too protected my pet. I always made sure my loving pet was safe from harm, rather be an enclosed fence or a runner, but at all times kept safe. That being I am responsible for my pet.

Therefore it would not be fair to punish the driver for my negligence.

Therefore I ask you to Oppose LD962

Thank you for your attention.
