LD 147

I support the following bills and they ought to pass: LD 147, 148, 149, 150, 455, 508, 1052, 1068, 1161, and 1193.

These bills, among other things, provide for direct popular election of our constitutional officers, such as Secretary of State, the Treasurer of State and the Attorney General.

Instead of appointed positions as is current practice, we the people would vote for our constitutional officers.

I do not support LD 452 which incorporates Rank Choice Voting into the election process. It ought not pass.
