

Katherine Branch
SOUTH PARIS
LD 1122

Dear committee,

Apologies but I misread LD 1112 in an earlier testimony and meant to support this Act to Amend the Law Banning Single-use Carry-out bags. It is imperative that we reduce plastic waste that is flooding the environment. It is doing great damage to the environment by the explosive amount of non-biodegradable refuse we have to deal with a pay for and toxic the consequences to nature, including humans. Please vote yes on LD 1122.

Thank you, Katherine
