Veazie
LD 958

I am responding to LD958, in support of Wabanaki sovereignty, which they already have - so that the State of Maine recognizes justice and fairness. I support the prohibition of eminent domain over Wabanaki lands. Haven't enough been taken? I support the Wabanaki nations right to be protected by treaties agreed to and their own sovereignty. When there is justice, we have peace and can be on the right path. Thank you. This is a paramount concern for our territory.
