LD 1160

I support LD 1160 “An Act to Prohibit Ownership of 6 Percent or More or Control of a Public Utility by an Entity Providing Aid to a Foreign Terrorist Organization.”

This bill prohibits the ownership of 6% or more or control of a public utility or the parent company of a public utility by an entity that the Public Utilities Commission finds to have provided material aid or comfort to an organization that is designated by the United States Secretary of State as a foreign terrorist organization. If the commission finds, after conducting an investigation and an adjudicatory proceeding, that a public utility is in violation of the law, the commission must order divestiture of or by the public utility.

I support LD 1160, and it ought to pass.
