

Marguerite Williams
Penobscot
LD 1106

I am a 76 year old resident of Penobscot , Maine. I am writing to ask for your support for LD 1106 and urge the Committee to pass this bill to fund affordable senior housing in our region.

Our Penobscot Nursing Home served many people from our communities and region for many years before it was closed by the State around 2015. Then the Island Nursing Home also closed leaving area residents with no options for elder care and senior housing.

We have a very high percentage of older citizens in our area; housing is expensive and taxes are going up. We desperately need affordable senior housing options here in our region!

PLease support the funding to redevelop the Island Nursing Home into senior housing.

Thank you and Respectfully,
Marguerite Williams,
Penobscot, Maine
