Hello. I am a Maine senior (born July 14, 1948) and I am writing in support of LD 613. I am also an ardent voter.

This a critical amendment to the Maine Death With Dignity Act, would allow any of us to die comfortably in Maine at a time of our own choosing.

Please vote for this wonderful bill. It could make end of life choices better for the younger generations as well, including for each of our loved ones'.

Sincerely,
