

Sandra Boutin  
Standish  
LD 676

My name is Sandra Boutin and I strongly urge you to pass LD676 to fund the Mountain Division Trail. This trail will be a vital resource for getting folks outdoors and having adventures or enjoying a commute without using a car and can be done more safely. I live in Standish and work in Westbrook and I would use it year round for fun and exercise and to get from here to there! This trail will help grow local businesses as well and I look forward to sharing it with new users.
